

# AGRICULTURE

Sensors for the agricultural sector allow farmers to increase production while minimizing the environmental impact and keeping safety in mind.

## 3D Hall sensor

MLX90363

Throttle/brake/clutch position  
LIN hub for armrest controls

## LIN RGB driver

MLX81115

Interior lighting

## 3D Hall sensor

MLX90393 & MLX90333

Joystick controller

## Thermal camera FIR array

MLX90640

Indoor pharming/horticulture temperature control  
Cattle temperature monitoring

## BLDC motor pre-drivers

MLX83203

Waterpump driver

## Hall current sensor

MLX91208

Inverter
