

# LAPTOP, DESKTOP AND GAMING

Sensors are the computer's connection to the real world. With products such as position sensors and 3D cameras, computers can convert measurable data into usable information.

## 3D Hall sensor

MLX90393

Mouse controls

## Hall current sensor

MLX9120

Motherboard DC/DC power

ATX power supply

## Fan driver

MLX90411 & MLX90285

MLX90287 & MLX90297

Single coil fan for CPU, GPU, ATX power

## ToF 3D camera chipset

MLX75023 & MLX75123

Face recognition
