Mouser Electronics Earns Top Global Sales Award from Emerson Connectivity Solutions

May 29, 2013 – [Mouser Electronics](http://www.mouser.com), Inc., a top global distributor for semiconductors and electronic components, today announced that it received the 2012 Top Sales Growth Award from [Emerson Network Power Connectivity Solutions](http://www.emerson.com). The global award was presented at the recent 2013 Electronic Distribution Show (EDS) in Las Vegas.

Mouser serves customers worldwide by providing the widest selection of Emerson Connectivity's products. That includes major connector product lines such as Stratos, Johnson, Trompeter, Vitelec, Semflex and AIM-Cambridge. Emerson Connectivity Solutions serves the needs of customers with a full spectrum of broadband copper and fiber optic connectivity products for a vast array of applications.

This is the second year in a row that Mouser was honored with a top award from Emerson Connectivity Solutions. Mouser also received the Top Sales Growth Award in 2011.

"Our strong sales growth this past year owes much to our partnership with Mouser," said Bret Murphy, Emerson Connectivity Solutions Manager for Channel Strategy & Programs. "With Mouser's extensive stock position, global market reach and penetration, Mouser gives our customers a one-stop option for all Emerson products."

"We are extremely pleased to offer the widest selection of Emerson Connectivity Solutions products available on the market today," said Krystal Jackson, Mouser Vice President of Interconnect. "We are all the more pleased to be recognized by Emerson Connectivity Solutions for contributing to their global sales growth. Mouser takes pride in providing leading-edge performance connectivity solutions for engineers working in the design stage, and through our business collaboration with Emerson Connectivity Solutions; we are able to do just that."

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering "What's Next" in advanced technologies. Mouser offers customers 19 global support locations and stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is updated daily and searches more than 10 million products to locate over 3 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools. About Mouser Electronics

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning, authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 3 million products online from more than 450 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 400,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit <http://www.mouser.com>.

About Emerson Network Power

Emerson Network Power, a business of Emerson, protects and optimizes critical infrastructure for data centers, communications networks, healthcare and industrial facilities. The company provides new-to-the-world solutions, as well as established expertise and smart innovation in areas including AC and DC power and renewable energy, precision cooling systems, infrastructure management, embedded computing and power, integrated racks and enclosures, power switching and controls, and connectivity. The solutions are supported globally by local Emerson Network Power service technicians. Learn more about Emerson Network Power products and services at www.EmersonNetworkPower.com.

About Emerson

Emerson based in St. Louis, Missouri (USA), is a global leader in bringing technology and engineering together to provide innovative solutions for customers in industrial, commercial, and consumer markets around the world. The company is comprised of five business segments: Process Management, Industrial Automation, Network Power, Climate Technologies, and Commercial & Residential Solutions. Sales in fiscal 2011 were \$24.2 billion. For more information, visit <http://www.Emerson.com>.
