KEMET Names Mouser Electronics High Service Distributor of the Year

May 20, 2013 – [Mouser Electronics](http://www.mouser.com), Inc., a top design engineering resource and global distributor for semiconductors and electronic components, has won High Service Distributor of the Year from [KEMET](http://www.kemet.com). The prestigious award was presented to Mouser during the Electronic Distribution Show in Las Vegas. KEMET also presented TTI with the Distributor of the Year Award for 2013 making it a CLEAN SWEEP for the TTI/Mouser Team. Also announced at the show, KEMET is honoring Jim Bruorton by naming the Distributor of the Year Award the “Jim Bruorton Distributor of the Year Award” for his many years of service and his many contributions.

“We are very grateful to receive this award from our friends at KEMET, and Mouser would like to congratulate TTI on being the first to receive the Jim Bruorton Distributor of the Year Award,” states Andy Kerr, Vice President of Passives at Mouser Electronics. “Design engineers rely on Mouser to provide the newest innovative products from KEMET, as well as the highest level of customer service through concise product data, immediate product availability, local customer service, and timely, global delivery. KEMET has provided us with a large selection of capacitors which are used by today’s top design engineers. We value this partnership and look forward to its continuation.”

KEMET Corporation offers the world’s most complete line of surface mount and through hole capacitor technologies across tantalum, ceramic, film, aluminum, electrolytic, and paper dielectrics. Mouser was measured against its competition in a variety of categories including total sales growth, new product introductions, customer growth, marketing capabilities, and overall process excellence.

Graeme Dorkings, Senior Director of Global Distribution Sales at KEMET commented, “Mouser delivered a strong year in every region for our product line. The KEMET high service distributor award is presented to our best performing channel partner and the criteria we use to measure performance are critical to the success of our mutual business. We are excited to present Mouser with this award and look forward to an even stronger fiscal year 2014.”

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced technologies. Mouser offers customers 19 global support locations and stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is updated daily and searches more than 10 million products to locate over 3 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser Electronics

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning, authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 3 million products online from more than 500 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 375,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit <http://www.mouser.com>.

About KEMET

KEMET applies world-class service and quality to deliver industry leading, high-performance capacitance solutions to its customers around the world and offers the world's most complete line of surface mount and through hole capacitor technologies across tantalum, ceramic, film, aluminum, electrolytic, and paper dielectrics.
