

## For Immediate Release

### **Mouser Electronics Named Silver Sponsor of Microchip University**

**December 7, 2020** – [Mouser Electronics](#), Inc., the authorized global distributor with the newest semiconductors and electronic components, is excited to announce that it is a Silver Sponsor of [Microchip University](#), a free global educational program from [Microchip Technology](#) that offers on-demand technical training courses, webcasts, and other educational events about embedded control.

Beginning December 7, 2020, Microchip University provides embedded design engineers with technical training courses on embedded control topics available 24/7. In addition, special educational events will be offered throughout the year. The courses are taught by the same application and design engineers who create the products.

Microchip University provides engineers with the opportunity to learn more about general embedded control topics, as well as products from [Microchip](#), [Atmel](#) and [Microsemi](#). The training materials, available for all skill levels, will cover C programming, motor control, power supply design, and security and authentication. Other subjects include wired and wireless communication protocols like *Bluetooth*®, *LoRa*®, USB and TCP/IP.

Upcoming webcast topics include tips and tricks for the MPLAB® X integrated development environment (IDE), an introduction to the MPLAB MINDI™ analog simulator, and interconnecting Core Independent Peripherals (CIPs) to creating unique digital and analog functionality.

To learn more about Microchip University, visit <https://secure.microchip.com/mu>. For more information on Microchip products available from Mouser, go to <https://www.mouser.com/manufacturer/microchip/>.

As a global authorized distributor, Mouser offers the world's widest selection of the newest semiconductors and electronic components — in stock and ready to ship. Mouser's customers can expect 100% certified, genuine products that are fully traceable from each of its manufacturer partners. To help speed customers' designs, Mouser's website hosts an extensive library of technical resources, including a [Technical Resource Center](#), along with product data sheets, supplier-specific reference designs, application notes, technical design information, engineering tools and other helpful information.

### **About Mouser Electronics**

Mouser Electronics, a Berkshire Hathaway company, is an authorized semiconductor and electronic component distributor focused on New Product Introductions from its leading manufacturer partners. Serving the global electronic design engineer and buyer community, the global distributor's website, [mouser.com](http://mouser.com), is available in multiple languages and currencies and features more than 5 million products from over 1,100 manufacturer brands. Mouser offers 27 support locations worldwide to provide best-in-class customer service in local language, currency and time zone. The distributor ships to over 630,000 customers in 223 countries/territories from its 1 million-square-foot, state-of-the-art distribution facilities in the Dallas, Texas, metro area. For more information, visit [www.mouser.com](http://www.mouser.com).

### **Trademarks**

Mouser and Mouser Electronics are registered trademarks of Mouser Electronics, Inc. All other products, logos, and company names mentioned herein may be trademarks of their respective owners.
